

Please answer the following questions to be considered for Cohort #6 of the NDEO Mentorship Program.

The program serves as a support system for PK-12 dance teachers with fewer than five years of experience (mentees) in the PK-12 field of dance education. It will also give dance teachers with five or more years of experience in PK-12 (mentors) an opportunity to reach out and assist new Educators.

New PK-12 dance educators will be paired with experienced dance education mentors, basing matches on criteria such as similar job attributes, disposition and philosophical outlook, and needs. Both mentor and mentee should plan for a two year commitment, however it may continue and grow in an alternate form for as long as the participants wish.
