The Priorities for Dance Education are:

CONNECT the Field

BUILD Knowledge

CULTIVATE Leadership

The Priorities for Dance Education provide us areas of opportunities to grow our field. They empower us to be agents of change. They bind us together across environments. They speak to everyone in dance.

These PRIORITIES call all NDEO members to:

Network with one another
Move the art of dance forward
Make dance visible to the public

NDEO invites you to use this brochure to advance the art of dance as an essential educational component to lifelong learning in your community and beyond.

Our art form and practices in dance link our global dance community in an enormous circle. Each of us is a connector in the field.

**Our Goal:** Develop and promote a community of individuals, organizations, and institutions who share a passion for excellence in dance education, artistry, research, and administration.
Our knowledge grows as we teach and reach others through the art of dance. It deepens as we practice the business of dance. Each of us is a knowledge builder in the field.

**Our Goal:** Build, promote, and share knowledge that impacts teaching and learning in and through dance.

**Know your art; know your business**

**Share best practices in your art and in your business**

**Teach the world to reach the world**
We work with complexities, embrace constant change, and engage in multiple relationships in our dance practices. We step up to challenges. We are all leaders.

**Our Goal:** Equip experienced and emerging professionals in the field with opportunities to develop and exhibit leadership skills.

Grow your leadership skills in the art and business of dance

Change the conversation about the art of dance through your leadership

Lead to connect, build, and grow our field
