Dear School Administrator:

At the National Dance Education Organization (NDEO), we support and value your commitment to fostering a meaningful educational experience for students and educators at your school. The National Honor Society for Dance Arts (NHSDA) reflects this commitment in its advocacy for dance education. Since 2005, NHSDA chapters have inducted over 35,000 students to honor artistic merit, leadership, and academic achievement.

Participating in an NHSDA chapter gives your students access to leadership opportunities, recognition, and resources to honor contributions in dance. Providing your students with the opportunity to be recognized for their achievements in dance highlights the way dance can contribute to education in terms of serving as an outlet for expression, fostering creativity, and promoting critical thinking. NHSDA is a way for your institution to value your creative student artists and appreciate the ways in which their experiences in dance contribute to your community.

Upon induction to NHSDA, students will have access to a variety of resources and recognition materials, including induction pins and graduation cords. Students who show exceptional dedication to NHSDA and service to the dance community have the chance to receive Graduation with Honors in dance, for which they can wear an NHSDA medallion. These materials help recognize the hard work of the students.

Participation in a chapter of the NHSDA gives students the opportunity to receive mentorship from their chapter sponsor, gain leadership skills through their NHSDA roles, and network with other NHSDA members. We also offer several annual events including Love Your Body Week, Dance A Difference Week focused on community service, and a Senior Day of Recognition to celebrate our graduating NHSDA members. Our junior and secondary NHSDA chapter students can submit work for publication to our Dance Arts Now! Newsletter, and secondary students are eligible to apply for our NHSDA Scholarship Award.

For more information about NHSDA and its benefits, I encourage you to explore the official NHSDA website at www.ndeo.org/nhsda. Should you have any questions or need additional information, please feel free to reach out to nhsda@ndeo.org. Thank you for your commitment to education. We look forward to hopefully welcoming your institution to the NHSDA community!

With gratitude,

Susan McGreevy-Nichols
NDEO Executive Director
